

BEYOND THE FOLD

18X36

Beyond the Fold

Asymmetrical folds, sculpted angles and scored geometry intersect, adding architectural form to floor design. This is an origami movement in the making; a whole new folded edge.

Design is dimensional

Beyond the Fold takes pattern and colour beyond the edges of 42,72x91,44. Align the patterned edges to create endless patterns, add scale, bring movement and point the way. For traditional installation methods, follow the arrows. to activate the edge, follow your instincts.
